CATTLEMEN FIGHT

FEUD WITH GUNS

A clash between cattlemen of the Rock Springs Land & Cattle company whose ranges lie in San Bernardino county along the Nevada line, and the Holliman company of Arizona resulted in a gun play near Government Wells, in which many shots were exchanged, but which luckily ended without bloodshed. One of the punch-

ers had his hat shot off in the fracas which started over the alleged re-branding of cattle.

Walter Greening, head of the Rock Springs interests, was in Las Vegas last week just after the affair at Government Wells. He was not a participant but while here received word from Sheriff Shay of San Bernardino stating that all of the men had been arrested and taken to that city. He left immediately for San Bernardino.

Witnesses at a court trial several weeks ago at San Bernardino, in which water rights was involved, freely predicted that the cattle feud would result in gun work sooner or later.—Clark County Review.

BRITISH ARMY MAN

IMAGINES FORTUNE

NEVADA CITY, July 21.—John Mulholland, a former officer of the British army, has been committed to the state hospital at Stockton because of peculiar hallucinations, one being that the voices of invisible persons informed him that he had been deprived of the sum of \$908,338.13 through the illegal interference with his personal affairs.

Mulholland demanded a jury trial and testified in his own behalf, saying that the voice of a brother in Ohio informed him that the sum mentioned was to be paid him by a Grass Valley merchant, who was to raise the money by selling thrift stamps. The man was first arrested for maintaining a constant patrol in front of the store of the merchant he named.

AMERICANS AID THE BELGIANS TO RECOVER

(Correspondence Associated Press)

BRUSSELS, June 22.—Henry H. Morgan, American high trade commissioner in Belgium, has established a commercial organization here to aid in the reconstruction of Belgian industries. He announces that this organization is at the disposal of all merchants and manufacturers in Belgium and America.

To an Associated Press correspondent Mr. Morgan said that, in view of what the Belgians already have accomplished, he did not feel discouraged over industrial conditions in this country. "On the contrary," he said, "I feel certain that they will carry their reconstruction program through to a successful conclusion. I notice an intense cultivation of the soil which will result in the next crop being nearly equal to pre-war crops."

Virtually all the glass factories in the country are now in operation and 10 per cent of the textile looms now are busy spinning raw cotton arriving from the United States.

It is estimated that the loan of 500,000,000 francs which American bankers have agreed to extend to Belgium will go a long way toward reconstruction. It also will have a beneficial effect upon the purchase price of the franc which at the present time is very low. Repayment of this loan is not to commence until 1930. It is only by rapidly building her mills that Belgium can hope to pay back this loan in the production of her manufactured goods.

Mr. Morgan said it was estimated that the Germans had carried away one-third of the Belgian live stock. Experts of the United States department of agriculture have arrived from America to aid the Belgian ministry of agriculture in shipping breeding stock to Belgium.

"It is my understanding," added Mr. Morgan, "that preparations now are underway for sending a fleet of thirty vessels, each carrying live stock."

LOCATION BLANKS in triplicate in book form, on sale at Bonanza of Bee.

NOTICE

Notice is hereby given that the Board of County Commissioners of Nye County, State of Nevada, in accordance with law will meet as a Board of equalization, for the County of Nye, on Monday, July 21st, 1919, and remain in session until Monday, August 11th, 1919. The ideal summer breakfast

Light—and yet "satisfying." Easy to prepare—they take only a minute. Economical—much less expensive than meat or eggs. And tantalizingly fragrant and rich-flavored!

What could be more appropriate for your summer breakfasts than a big plate of piping-hot, golden-brown Aunt Jemima Pancakes?

Everything to make luscious, tender pancakes comes already mixed in Aunt Jemima Pancake Flour—even sweet milk, in powdered form. You add nothing but water. Ask your grocer for a package today. Try it for muffins, too.
